SUMMARY

This installation is located approximately 9 kilometers (km) southeast of Volgograd on the east side of the Volga River (Figure 1).

Covering 130 acres, the partially fenced facility (Figures 2 and 3) consists of 38 buildings in a 110-acre barracks area, a motor park, a 10-acre driver-training course, and a 10-acre fenced ammunition storage area with 5 storage buildings. A former anti-aircraft site is located between the ammunition storage area

and the driver-training course.

[REDACTED] missions reveal the installation constantly active with no major changes noted. In [REDACTED] there were 60 to 65 vehicles in the motor park, but none were discernible on other missions. However, the [REDACTED] mission reveals the most trackage and scarring in the area.
